

SBT Validation Acquired

On November 11, 2025, TOKAI RIKA CO., LTD. (Head Office: Oguchi-cho, Niwa-gun, Aichi, Japan, President: Hiroyoshi Ninoyu) acquired *SBT validation*, confirming the scientific basis of our greenhouse gas emission reduction goals from the *Science Based Targets initiative (SBTi)*, a global organization involved in combatting climate change. TOKAI RIKA will continue to conduct environmentally friendly business practices and contribute to a sustainable society.

SBT validation is a process in which a third party certifies that a corporation's greenhouse gas emissions reduction goals are in line with the Paris Agreement and grounded in scientific fact. Assessment is based on international criteria and covers **Scope 1** (direct emissions), **Scope 2** (indirect emissions from the use of electricity or heat), and **Scope 3** (indirect emissions not covered by **Scope 1** or **Scope 2**).

【Our initiatives and reduction targets】

At TOKAI RIKA, we remain committed to carrying out initiatives that promote and realize carbon neutrality, including decreasing energy use through energy-saving measures, adopting carbon-free fuels in our production plants, and increasing our ratio of renewable energy through an offsite power purchase agreements (PPA).

Target Scope	Base year	FY2030 target	SBT Standards
SCOPE1 + 2 (Consolidated)	FY2023	-50%	-42% or more
SCOPE3 (Consolidated)	FY2023	-25%	-25% or more
